

Hydrant Flushing Operations

The Woodlawn Fire Department will be flushing fire hydrants in your area

May 27th 2019 to June 30th 2019

Hydrant flushing is done spring and fall to ensure that hydrants are in working order for fire protection, and to remove mineral deposits that may accumulate in the water distribution system.

In order for the fire department to complete this task in a safe and orderly fashion, we request that you....

- 1) Please **limit outside watering and irrigation**, to help minimize household water discoloration.
- 2) Please **use caution** when approaching flushing operations.
- 3) Please refrain from doing laundry between the hours of 8:00 a.m. to 4:00 p.m.
- 4) Be sure to check the color of your water prior to doing laundry, since discolored water may stain clothing.

We apologize for any inconvenience and appreciate your cooperation.

If you have any questions feel free to contact Captain Jim Ledford at any time.
